**Q. It is a great story. Haven't played in nine years, got your mom out here, so many emotions. Take us through the emotions starting at with the first tee.**

MEAGHAN FRANCELLA: Yeah, I was pretty nervous going off 1. My hands were shaking a little bit. Once I got off the tee I was okay after that.

I piked a drive off 2.

Made a birdie on 3 and felt pretty good.

Then just kind of played consistently throughout the day.

Birdied 9, 10, 11 and really was like, oh, God, what am I doing?

So just felt really good and patient out there. Really confident in my swing. I rolled a few putts in, which is always helpful.

**Q. What are you telling yourself when you get yourself in contention? I'm on the leaderboard. What are you telling yourself then?**

MEAGHAN FRANCELLA: I'm not going to quit my day job. I know that. But I'm just trying to enjoy it and have fun. I have a lot of people out here watching and supporting me, and I'm just trying to enjoy it. I really am.

I spent a lot of time in my career not enjoying it and I'm really trying to take it all in and just enjoy what I'm doing. I'm really having a lot of fun out there.
