## Lindsey Weaver-Wright

### Quick Quotes

**Q. All right, Lindsey, you were just saying that just being in this position is new to you, but being able to come out and be in a playoff at ShopRite, overall your reflections of this week.**

LINDSEY WEAVER-WRIGHT: Yeah, like I was just saying, I finished the last New Jersey tournament three weeks ago and was really unhappy and kind of in a low place, but I just came out here -- I almost felt like a sense of calm coming out here, just like I didn't get as frustrated as I typically do.

I was just like extremely calm out there the last three days. So I don't know. It's kind of strange. Never felt like that before really. But, it was nice not to get so worked up.

Yeah, just exciting to be in this position. I hope it's just the beginning.

**Q. You were on the putting green and you took a call for a little bit. Did you call your husband? Get some wise words before gearing up for the playoff?**

LINDSEY WEAVER-WRIGHT: Yes, I called my husband. He was watching on TV. He has a friend in town so they were watching together and sending me a bunch of videos and stuff.

So, yeah, I was just trying to not talk to him too much about golf, but, yeah, he was obviously really excited. Yeah, it was just exciting for both of us.

**Q. And for you and just where your game is heading into the next couple events that we're going to see you, what does it mean for your confidence to come out of a tournament like this with Meijer and KPMG ahead of us?**

LINDSEY WEAVER-WRIGHT: Yeah, it's everything, especially because I haven't been playing that great this year. I mean, solo second, my best finish ever on the LPGA. It's my fifth year out here. Like it's a huge

milestone for me.

I'm just excited for the summer now.
