## Ayaka Furue

### Quick Quotes

**Q. All right, Ayaka, a bogey-free day. Walk me through what the strategy or game plan was for the final day.**

AYAKA FURUE: Linnea was up the leaderboard and then she was top, like 14-under, so I was just aiming to make like three birdies and then get 10-under total. That's my, yeah, strategy today.

**Q. So you got those three birdies in your first four holes. What was working well on those opening holes for you?**

AYAKA FURUE: I think it was the most windiest day today in that period, but I just concentrate on my play and then my putt was look going into the hole so that was kind of great for me.

**Q. What do you take away from this final and keeping in contention? You've had a very good year so far.**

AYAKA FURUE: I am definitely gaining the confidence because of keeping my top 10, so, yeah, I just keep that and just gaining more momentum and gaining more like confidence.

**Q. And then the fact that you have been able to kind of keep this consistent play, what is your game plan moving forward with some big events on the calendar?**

AYAKA FURUE: I feel my putting is getting better, so I just keep that putting getting better and then just keep my shot better as well.
