## Allisen Corpuz

### Quick Quotes

**Q. Here with Allisen Corpuz who's finished third here at the Pelican Women's Championship. It was an up-and-down day for you, but ultimately a great bounceback on your back nine.**

Tell me about your round today. First time experiencing a lot of things this week.

ALLISEN CORPUZ: Yeah, I mean, it was a really fun week. Got to speak at the Women's Leadership Summit to start the week, and not a huge fan of public speaking, but it was really fun.

And then obviously always really fun to play some pretty good golf as well.

**Q. Tell me about your round today. Few birdies to start off with, but then, as I said, really rallied on the back nine with the closing birdies on 16 and 17 to pull yourself back to solo third.**

ALLISEN CORPUZ: Yeah, I mean, hit the ball really solid all day long. Bogeys 8; just hit it a little long, but hit a really good approach shot there and wasn't able to make the up and down.

But just, yeah, putter wasn't as hot as I wanted it to be, but hit some really good strokes and put myself in position, and I'm really happy with the week.

**Q. Put yourself in the position of playing in the final group on the last day. What did you take away from that?**

ALLISEN CORPUZ: Yeah, I think this is my first time being in the final group, so definitely just trying to learn from the experience and come back better.

**Q. Another big week next week playing in the CME Group Tour Championship. Overall looking back at the year, how do you feel you have grown since the**

**start of the year? You played well in Hawaii, you played well a bunch of places, but here at the end of the year you're solidly in contention.**

ALLISEN CORPUZ: Yeah, I think it just means a lot to know that I have it in me. Definitely came out start of the year just hoping as a rookie maybe just keep my card, you know. Just really been nice to get some top finishes and really feel like I belong out here.

**Q. You more than kept your card; 32 right now in CME points. Got to feel really happy with that.**

ALLISEN CORPUZ: Yeah, I definitely am.
