MINAMI KATSU: You know, identification striking the ball really consistency and especially my putting. I was putting really good.

So I felt like that putt really made the game really easy for me today.

**Q. Is this your first time playing here in The ANNIKA?**

MINAMI KATSU: Yes.

**Q. Any takeaways you had from the course and maybe what you liked about it?**

MINAMI KATSU: You know, there are few holes you have to be very careful with the water, so I feel like course management is a key for you to play really good out here.

I felt that was fun.

**Q. You're near the top of the leaderboard with several other 7-unders right now. What's your goal going into tomorrow being near the top of the leaderboard?**

MINAMI KATSU: Keep playing the same, make more birdies as I can. There are holes I have to be careful, so try to play good at several holes. So managing the game is the key for tomorrow.
