Q. Here alongside Celine Boutier. Nice solid start to the week. 67 here today. How much was the wind a factor during the round today?

CELINE BOUTIER: Yeah, it was definitely playing tough. I feel like it took me a few holes to get a hold of it. I think the courses setup was really good too so made sense with the winds direction.

It's also been playing opposite as well from what we've been practicing on, so it was interesting to see to be able to adapt.

I thought I did a pretty good job. I definitely took advantage the opportunities I got and very happy with this first round.

Q. You've been playing great in recent weeks. Win on the Ladies European Tour; three Top 10s in your last four starts on the LPGA. What have you found with your game over the closing stretch of the season?

CELINE BOUTIER: I think it hasn't been that much of a difference, but I've just been able to score a little bit better and take advantage of some scoring opportunities a little bit better.

I think that made a little bit of a difference, especially on the leaderboard. I don't think my game has been different, so it's been nice to be able to see some results.
