Q. I'm here with Patty Tavatanakit who played a really solid 69 today. Conditions ended up being a little bit tougher. Course is playing really long. I saw you had quite a few long irons. You're one of the longer hitters on Tour. How do you feel about how it's playing out there?

PATTY TAVATANAKIT: Yeah, I feel like it's playing longer than it's ever played I think this year maybe because it's softer in the morning. (Wind) overall I played really good. My irons were really good today which was what I've been working on throughout the season and past couple weeks.

So, yeah, game is always trending there, and today was just kind of solidified a lot of things.

Q. Yeah.

PATTY TAVATANAKIT: I putted a little bit better. My speed was a little off. Went to the putting green in the morning, so did some speed work. Just a little off but overall it's not bad.

Q. You're a Florida resident. Practice in Florida. (Indiscernible.) Know this type of grass pretty well. Know the green pretty well. (Indiscernible.)

PATTY TAVATANAKIT: Yeah, feel like it's not too far off. If anything, just touching it up throughout the round, which has kind of always been the work. And, yeah, just nothing much. Just kind of go with it.
