Q. Allisen, a solid start here in the CME Group Tour Championship, matching your low round here at this tournament with a 66 today. What was behind the solid start?

ALLISEN CORPUZ: Yeah, I mean, was really just always in play. Had a lot of birdie looks; converted a few of them.

It feels like I've been playing really well recently; just haven't quite scored. It was nice to get it all out there today.

Q. Yeah, converted quite a few of those; four consecutive birdies on the front. You mentioned that coming together for you today. What was the difference here today?

ALLISEN CORPUZ: I think just feeling a little more comfortable. I think every year I come back and the course feels a little friendlier. It's been really cold for the last few years as well and I think it's played a little shorter with it being a little warmer, which always helps me.

Yeah, just had a few good looks out there today.

Q. Seen a lot of low scores here in years past. How will you approach the next three days?

ALLISEN CORPUZ: Yeah, I think this is obviously a very top-heavy event, so just going out there and trying to make as many birdies as I can, just a nice end to the season.
