Q. Yeah, red hot putter today. Also solid with the ball striking. Didn't miss a single fairway. Somi, how would you describe the round overall today?

SOMI LEE: (Through translation.) My tee shot and putter was the things I was focusing on and I really practiced them a lot. I think that was the foundation to my success today.

Q. This is the first time you're seeing this golf course, first time competing in this championship. What are your first impressions of the golf course here at Tiburon Golf Club?

SOMI LEE: (Through translation.) The course is very beautiful and there were loft animals as well. I think playing this course was definitely an honor overall.

Q. It was great being able to watch you out there today. Congratulations on the great start.

SOMI LEE: Thank you so much. Thank you. Tomorrow even better.
