**Q. Excellent day today. You certainly made a nice charge with a lot of birdies. When you take into consideration you were the last person in the field and finished runner-up, how to you assess this week?**

PAJAREE ANANNARUKARN: It's been an amazing week for me. I'm really pleased with how I've been playing all week, and it's just amazing to be in contention and try to catch Jeeno.

But she's just been doing really well and just happy with my position, and I think it's been just an awesome week so far.

**Q. When you think about your friend Jeeno and what she's been able to accomplish going back to back at the CME Group Tour Championship, how do you take into consideration what she's done? How do you put into words what she's accomplished?**

PAJAREE ANANNARUKARN: I mean, as a friend I think it's just good to be like a supporter and a friend. Happy to see her doing well and I think I'm just really, you know, glad that we able to share this moment together and it's amazing to be there to celebrate with her.

So it's fun.
