GRAND VACATIONS

TOURNAMENT
of CHAMPIONS

Q. Here alongside Alexa Pano who said earlier this week it was a goal of yours to get into the field to be able to play this event. You did that with your first win last season on the LPGA Tour. Is the experience what you expected?

ALEXA PANO: Oh, yeah, everything and more. I requested this week to play with Ray Allen and Roger Clemens and I got play with them, which was a dream in itself. Then I got to play with Jeff and Aaron as well.

I'm just having a great time. I don't know if anyone is having more fun than me.

Q. It's showing with your play for sure, not only in the field, but well positioned into the final round tomorrow. What will it take to give yourself a chance?

ALEXA PANO: You know, I've been playing pretty solid all week. Even when I struggled today was able to keep it together.

Just staying positive, having a good time, and sticking to my game plan.
