## Lydia Ko

### Quick Quotes

AT GOLDEN OCALA

**Q. Lydia, how do you feel after your first round here at Golden Ocala and round one under your belt?**

LYDIA KO: Yeah, today was bit of a struggle. I hit the ball really well and I was having a hard time judging the wind. Because it was quite subtle it was fluctuating quite a bit.

I three-putted on my 11th hole and that kind of took the lid off my head a little bit. And then I was able to get a string of birdies, which kind of put me back into good momentum.

Yeah, nice to finish with a birdie, but overall I thought it was a solid round.

**Q. Two straight solid weeks. Your game must be in a really great place. How confident do you feel in your game right now?**

LYDIA KO: I think I'm just trying to focus on the small things, the things I can control, and just do a good job of being committed and hitting each shot with confidence.

If I hit a good shot, great. If not, can't really do much about it. I think having the internal goal helps to put less pressure on the result stuff and just, yeah, do a good job of what I can do.
