Jenny Coleman

Quick Quotes

AT GOLDEN OCALA

Q. First question is just what worked the most out there today? You had such a great round.

JENNY COLEMAN: I think I was just seeing my shot and hitting it and was just great to follow up good drive, approach, and capitalize by making the putt.

Usually I'm a pretty solid ball-striker and all I'm waiting for is the putts to drop. I got that going the last couple days.

Q. What was your goal, if any, coming into this week?

JENNY COLEMAN: Just commit over every shot and just hit -- plan the best I can and get up there and just do it. Yeah.

Q. What's it like with your caddie out there? He definitely seems to keep you upbeat.

JENNY COLEMAN: Yeah, no, he's great to have. Technically very strong with caddying, and since he plays he knows exactly what kind of shots I'm looking at and what options I have, but also just someone to hang out with, talk with, keep things light.

Q. What are your goals, if any, going into the weekend?

JENNY COLEMAN: Just keep the same game plan and keep attacking. See the shot, hit it, and hope the putts and everything goes well.
