### Quick Quotes

AT GOLDEN OCALA

**Q. ...Symetra Tour in 2019 with six top threes, making the transition to the LPGA Tour. What has that transition been like for you?**

JENNY COLEMAN: Just getting comfortable out on these different courses definitely takes a lot of strategy in the practice rounds to see what kind of different conditions am I going to get, soft, firm, hot, cold. Just get ready for all of them.

**Q. Has it been everything that you expected it to be?**

JENNY COLEMAN: Oh, yeah, everything and more. It's been amazing playing with the best in the world. This is what everyone dreams of, getting out here and just trying your best. And, yeah...

**Q. You played with Nelly Korda today. What's it say about your game that you're able to hang in there with somebody like Nelly?**

JENNY COLEMAN: Yeah, my game is pretty sharp right now and I can definitely compete with the best of them. I'm seeing my shots and picking my shots and executing, follow up with a putt and there is a quick birdie.

So just keeping my strong approaches sharp and that will set me up well for the weekend.

**Q. Big theme as well recently, sisters on tour. You have a twin that also plays. What's it like having her out here with you?**

JENNY COLEMAN: Oh, it's awesome. Good support. She can coach me when I need it in the practice facilities and then just a familiar face to cheer you on.
