Quick Quotes

Q. All right, Rose. Fresh off the ANWA, here you are at the LOTTE Championship. How you have you been after reflecting upon what that experience was like for you?

ROSE ZHANG: For the ANWA? Well it's been a surreal experience. I'm sure every single female competitor there was having a blast, and I for sure was.

I really learned a lot about my game that week, just being able to handle the pressure and just being in the final group.

So I think overall had a lot of positive vibes and coming into this week I just tried to play my game same way.

Q. You're here as a sponsor's exemption for the LOTTE Championship. How is it being in Hawaii? Is this your first time?

ROSE ZHANG: Yes, it is my first time playing golf in Hawaii. I have gone here on a school trip. That was when I was in seventh grade. So just kind of being here. (Indiscernible - wind) it was a little uncalled for since it was last minute, but, I mean, it's Hawaii. (Indiscernible - wind).

Q. How do you think you fared under conditions here at Kapolei?

ROSE ZHANG: Yeah, I think today the conditions were pretty windy in the afternoon. I really just hung in there and executed what I needed to do on the greens and on every shot.

So I think overall I'm pretty satisfied, and hopefully I will just continue the same way.

Q. I was going to say, what do you think of Kapolei in general? You're one of the first people here, first to see this course like a majority of other people here.

ROSE ZHANG: Yeah, for sure. The course is in amazing condition. I think that this is a very pure course and it's

such a prestigious event itself.

So just the overall sceneries and course itself is playing amazing.
