Q. All right, joining me today after the second round of the LOTTE Championship is Charley Hull. Charley, great round today. Take us through your first two rounds.

CHARLEY HULL: Yeah, just played pretty solid golf. I found the greens kind of a bit slow, so kind of hard to get used to the pace because you just feel like you have to bash the putts. Yeah, played pretty solid out there.

Q. First time playing this event in Hawai'i in quite a few years. How is it to be back and have you done anything fun?

CHARLEY HULL: Yeah, it is quite a long trip for me. It's like 25 hours to get here and 32 hours to get home so that's why I usually skip this event.

Yeah, we went out for dinner. Went to the North Shore this afternoon to have a look out down there.

Q. As you look ahead to the weekend, what's going to be important to your game?

CHARLEY HULL: It's quite windy out here so just stay patient out there.

Q. And then managing playing in the afternoon versus the morning, talk about what the difference in the course is.

CHARLEY HULL: In the morning it's a bit quieter. Then in the afternoon the back nine gets quite windy. And same with the afternoon, the front nine is quite windy and then it dies down a little bit.

Q. You've been playing really well the last few weeks including your win at Kroger. Do you think something is clicking for you? Is it an attitude thing, an equipment thing?
