Quick Quotes

Q. All right, what is your upcoming tournament schedule looking like?

LYDIA KO: My next one will be the U.S. Open.

Q. U.S. Women's Open. So taking some time to relax and recharge?

LYDIA KO: Yeah, it's been a long stretch of events, so I'm looking forward to taking three weeks off and getting ready for the next stretch.

Q. What do you take away from two weeks in Asia?

LYDIA KO: I think we're first off very grateful that we managed to get over here. I heard that everyone tested negative going back, so, yeah, I just would probably want to say thank you to everyone involved with IMG and LPGA and the government for keeping us safe and allowing us to come here.

Yeah, always love coming to Asia, so it's been a really fun trip.

Q. U.S Women's Open is your next one. Have you ever played Olympic Club before?

LYDIA KO: I played Olympic Club once a few years ago. I personally don't remember like everything clearly, but it was -- I love San Francisco and I know it's going to be a great golf course, so I'm looking forward to that challenge. I'm sure it's going to be in pristine condition, so, yeah, it's exciting.

Q. What are you most excited for with the U.S. Women's Open where you have a lot good memories.

LYDIA KO: Yeah, super excited. I love playing in California in general, and San Francisco is one of my favorite cities and obviously a place where I have a lot of good memories.

Yeah, hopefully draw back on some of that and hopefully just enjoy my time there.
