Amy Yang

Quick Quotes

Q. Good tournament for you. Four good rounds. How do you feel you played?

AMY YANG: You know, I think I played great, like not just this week, last week as well, whole Asian swing. I been working on my swing and short game and everything.

I can see it's going the right direction. You know, I see the progression, so I'm happy about my game right now.

Q. You always play so well here. Any time you see Amy Yang on the leaderboard you got to watch out. What is it about this that seems to agree with you?

AMY YANG: You know, I just like this golf course. You know, I been here many times now. I know how to play the course. You know, of course I worked hard as well, but I just love the place. I think that makes me more enjoy the game each day, and just that brings a better result every day.

Q. Did you go out today thinking you had a chance to go low and get up there?

AMY YANG: I mean, like at the top of the leaderboard they also started pretty hot beginning the round so -- not just because of that, but I just tried to focus, be patient.

You know, focus on what I can do each hole, each shot. That's all I can do, so I also enjoyed my final round in Thailand as well.
