**Q. Top class player. What's the mindset for you, the strategy coming in?**

MADELENE SAGSTROM: I think neither of us had our A-game today. It's match play. You have a whole different mindset. You don't have to technically score out here, so take advantage of chances you get.

I putted much better today than I did yesterday, so that was good. Didn't hit it as good, but when she was missing a little bit I tried to not, I mean, not miss too much either.

So it's a whole different mindset with match play.

**Q. How much of a grind is this golf course?**

MADELENE SAGSTROM: It's a big grind. I'm happy that we're in the scoring this year to be honest. It's such a good golf course though. It's perfect for the format we're playing.

It's so much fun. Every hole is a test. When the wind changes it's a test, so it's so good. It's so much fun.
