Quick Quotes

Q. All right, here with Celine after her third round victory today at the T-Mobile Match Play. Another win under your belt after the past three days. Can you just talk about what you've seen in your game over the past couple days?

CELINE BOUTIER: Yeah, I think my game has been improving a little bit throughout the rounds. I feel a little bit more confident. I think it's just a tough course in general, so sometimes even when you hit good shots you're not necessarily rewarded because it's kind of firm and very demanding.

Sometimes you just have to take into account that it was a good shot, and even though the result is not there, it was still a good shot. I feel like I hit a few of those last few days, so it's been good and very fun to be able to have a few wins.

Q. Can you talk a little bit about today's match specifically? You had a good stretch there looks like and lost it a little bit toward the end with Allisen picking it up a little bit. Walk us through that.

CELINE BOUTIER: Yeah, it was kind of tight over the front nine and then I was able to win a couple holes in a row and then I made a few mistakes. Had like three bogeys in a row and then lost some.

So it was definitely a bit nerve-wracking at the end. Just 1-down coming on to 16, so I was very happy to be able to win this match.

Q. And you come into this match with a lot of Solheim Cup experience as well. Do you rely on some of that out here? Does this event remind you at all of some Solheim Cup matches?

CELINE BOUTIER: I mean, it's a little bit different because it's not team events. Definitely the last few days playing Sarah and Allisen definitely reminded me of Solheim.

Yeah, it's kind of fun to be able to practice and have these events. We definitely don't really play match play that much otherwise, so it's kind of nice to have a different format.

Q. Since we haven't talked to you, what's your strategy when you're playing match play? Do you like to watch what the other opponent is doing or are you staying in your own lane a little bit?

CELINE BOUTIER: I think it's a little bit of both. I feel like sometimes you can focus too much on what the other person is doing and that doesn't really help me actually.

So I feel like sometime it's good to know like what they're doing, but I feel like on this course especially a lot of time some pars are going to win holes. You just got to stay in your own lane sometimes and just hit the green and make pars, and then, yeah, then see how it goes.

Definitely a little bit of both. Kind of depends.
