Q. Great round. How do you feel? How frustrated are you? One of the lowest rounds today, minus-6, and the horn blew at nine holes.

JIWON JEON: So, I mean, I was just kind of in the good momentum going through the 9th hole, which is my 18th hole. Well, I was just trying to keep it patient like as long as possible. I was kind of in the zone, you know, can see the line like pretty good.

And then I was just like in the flow going really well, and then finish the 18th hole, and I actually tee'd off 1st hole at the turn, but as soon as I hit a ball it was just -- horn just blew.

I mean, it's just kind of hard to keep the momentum, but I will just try get rest and have good food in the middle of the round and have some fun.

I think it's can be really good for me because I was getting -- can be little anxious going into my second nine holes. But, you know, just keep it simple as possible and just feels like just playing like a new round going out when I go out and then finish strong. That's what I want to do.

Q. And stay positive?

JIWON JEON: Stay positive for sure.

Q. What was your goal coming into the week?

JIWON JEON: Well, into the week I just wanted to make as many putt possible because I haven't been putt that well for last few tournaments. That's why I was missing so many cuts.

So this one I knew that my shots were pretty good, so I was just trying to keep that, and then just if I have chance, just trying to make it and just focus on the target. That's all I was focusing on.

And that just kind of leading into the weekend it worked well so far. So, yeah, I will just keep continued to that.
