Quick Quotes

Q. Here with Jess Korda coming off her final round of Meijer LPGA Classic for Simply Give. You just want to take us through some of the highlights of your round? Saw some ups and downs, so tell me what the day was like.

JESSICA KORDA: Yeah, no, it was fine. Shot 5-under, so that was good. Definitely left some out there which kind of stinks, but when you're in a chasing position you're looking at the pin all day long.

So I'm pretty pleased with it. Obviously putting one foot in front of the other after an injury, so it's good.

Q. I see a lot of low scores out there today. Was this the easiest day that Blythefield has played?

JESSICA KORDA: I don't know. I feel like the golf course is tough. You still got to hit a lot of good shots.

You know, being a longer player out here I think it gets really narrow for us, so those are kind of the challenges we kind of face a little bit, is thinking about the golf course a bit more than somebody that might be slightly shorter and can kind of pound it with no issues.

For me, still was like a little surprised about the scores being solo.

Q. And going down to watch your sister now as she finishes up. How excited are you for her and playing out here with her?

JESSICA KORDA: Yeah, see what happens coming down the stretch. But, yeah, always supporting her.
