**Q. All right, Frida, first off, great round: six birdies, no bogeys. Great way to start. Talk to me about last week you missed the cut. How does your mindset change? What do you do to prepare today and then you shoot lights out?**

FRIDA KINHULT: Yeah, no, first of all, thank you. Last week wasn't my best. Didn't really have the health on my side last week, so I was resting a lot.

So feeling ready to go this week. Yeah, body is back in pretty good shape. Feeling good. Ball is going kind of where I want it to.

No, it was a fun one out there today. Still a little bit more on the par-5s today, so I feel like we have some birdie chances tomorrow.

**Q. You shot some low scores in your time so far on tour. What is going to be different this week? I mean, you had a couple top 10s in your career. Off to a hot start. What are you looking to do different this week?**

FRIDA KINHULT: I'm an aggressive player and I think I'll stick with who I am, and especially this course, it's pretty gettable. I haven't really checked the scores, but I just assume they're low out there. It's a fun track, very gettable, and you have to be making birdies to be up there.

So just stick to my plan, be aggressive, and try to make some birdies and have fun.
