### Quick Quotes

**Q. All right, we're here with Jasmine. Just talk about your weekend and your experience here the Meijer LPGA Classic for Simply Give.**

JASMINE SUWANNAPURA: Well, this week is always have, you know, good (indiscernible) for me because, you know, I always play well here. I remember every time I come back here on No. 3 or on par-4 that I holed out from the fairway.

So it's all good memories. You know, finally my game is getting better and result coming out, and definitely feel a lot better about my golf game right now.

**Q. What is it about this course that, as you said, seems to bring out some of your best play?**

JASMINE SUWANNAPURA: I think the key is my driver is pretty good. Hit a lot of fairway and then I had a lot of the chance to go for green, and my putting has been working better and better and I had a lot of the chance to make birdie.

You know, things just drop and then here we are.

**Q. What was the mindset heading into today? In contention at the top there; what was the mindset?**

JASMINE SUWANNAPURA: Yeah, I have to take a look at the leaderboard and I saw that, yeah, I'm up there around top 15, top 12.

All I think is, you know, some of the hole that needs to make birdie, I have to make birdie so I can keep my spot up there.

But then when I make birdie from par-4, par-3, it's like a bonus for me. I'm like, okay, let's get it going.

Finally I make two, three in the end and finish, I don't know, Top 10. I'm not sure where, but I'm happy with the result.

**Q. Top 5.**

JASMINE SUWANNAPURA: That's great.

**Q. Top 5 finish here; KPMG on the horizon. What can you take from this week into next week?**

JASMINE SUWANNAPURA: I think the positive about my game, the vibe about the whole thing, hit a lot of good shots, make a lot of good putts, and just keep it going and be positive.

I know the course will be tougher next week. But, you know, just keep playing my game and the result will come out like this week.
