Quick Quotes

**Q. A solid day out there today between the two of. Marina, I'll start with you. Alternate shot back to the foursomes. How are you feeling after day three?**

MARINA ALEX: I felt like we got off to a better alternate shot start than we did the first round. Our score didn't really -- we shot the same score, but I felt like we played more solid today than we did on Wednesday.

So we're excited for tomorrow.

**Q. You guys talked yesterday about you actually enjoy this format a little bit. It's a little uncomfortable for some people, but being able to get through those two days, how did you take away from the last three days?**

KARRIE WEBB: Yeah, definitely today was a lot more comfortable than the first round. It is an awkward format, but the leaders haven't gotten away from us. We saw a 59 yesterday, so I think the scores will be low tomorrow.

We'll have to go out and post one early and hopefully that will hold up.

**Q. This is one of the windier days we've seen here over the last three days of competition. Did that factor into any of the strategy when it came to foursomes today?**

MARINA ALEX: A little bit. It was just tough. It kind of comes up and down, up and down. It will be steady and then it will drop, so clubbing yourself has been a bit tricky, and then you add the pressure of wanting to have a good lead for your partner and not put yourself in a spot you would rather not have them be, so it kind of adds a little element to it.

**Q. You're up there in the top five going into tomorrow. How much fun is this for you?**

KARRIE WEBB: I've had a great time this week. I'm really glad Marina asked me and I can play half decent to help her out. She's been playing all year, so I knew I was -- I had a good par starting out the week, so it's just great that our name is on the leaderboard, and we have a shot tomorrow.
