

# ISPS HANDA World Invitational

Friday, August 12, 2022

Northern Ireland

Galgorm Castle & Massareene Golf Club

## Linn Grant

### Quick Quotes

**Q. All right, Linn, 6-under overall after two days here. What were some of the differences between day one at Galgorm and then being able to prep for Massareene?**

LINN GRANT: I mean, game-wise I played pretty much the same type of golf. I do think this golf course is --there is a lot of birdie chances, but they play pretty differently. And the fairways out here are super dry so the ball just keeps on rolling, the greens as well, so you have to have a heads up what greens you play into and how the ball is a going to react.

But there is plenty of birdie chances out here. Should have had a lower score than minus-2 today, but still all right.

**Q. Take me through some of those birdie opportunities for you. What do you think really stuck out during your round here at Massareene?**

LINN GRANT: Well, I think I at least reached all the par-5s today. So there is a lot of chances just there. A lot of wedge holes left after drives, or you don't even have to hit drives today. Can just hit 3-woods.

So just a lot of chances to get close to the pins. Then the greens, even though they're dry they roll pretty well. Putting is running pretty smoothly out there.

**Q. Definitely one of the marquee groups this week with one of the hometown gals and also being able to witness Georgia ace as well, what was that like to have the crowd behind you the last two days as well?**

LINN GRANT: Yeah, just fun. You can tell that they enjoy watching golf. They cheer on every shot, even though it's like...

It's just fun to have them around and really nice whenever an ace happens to have a crowd there.

**Q. What will you away from your two days here at**

Presented by Aviv Clinics

### ISPS Handa as you head book to Galgorm?

LINN GRANT: Just feeling pretty all right with my game. Feel that I have more to give, which is nice. Not going to hold back. I think that I kind of need to have those low rounds to really get up there, so just go out and do whatever I can.
