## Diksha Dagar

### Quick Quotes

**Q. Diksha, very well done. Great round of 67 to finish the week here at Galgorm. How have you found this week in Northern Ireland?**

DIKSHA DAGAR: Yesterday I could have done better. Because of yesterday experience I played aggressive today. One club extra because of yesterday weather, yes.

**Q. And how do you feel about your game and what was the best part for you out there?**

DIKSHA DAGAR: I feel so excited. It's getting quite interesting and I feel some little bit bad inside that yes, I wanted to do it, I want to catch it, and I wanted to make a little bit (indiscernible) for the leaders as well.

**Q. Obviously made a birdie on the last, which is always a good thing. How much confidence does this give to you perform so well in a co-sanctioned event with the LPGA?**

DIKSHA DAGAR: I don't look at how big event is because I've learned from the two Evians and Scottish Open that I should play my normal game, regular. My focus should be on the game and working on it, and if your focus is there then you get your confidence back.

**Q. How good does it feel to have your best result in a major at AIG and then come here and have another top 10?**

DIKSHA DAGAR: It feels amazing. When I finish (indiscernible) British Open I got a news from India that was the best Indian finish ever in history.

Then I got a (indiscernible). I want to finish Top 5. Like I talk to my dad, I can finish top 10 and even better.
