Q. To still come away with a half point there, just tell me how you're feeling after today's second match.

JENNIFER KUPCHO: Yeah, I mean, I made a lot of birdies. She made a lot of birdies. They made a couple of really good shots holing out. So it was a good match. We played really well.

Q. Allisen, how did you kind of fight to conserve that energy, especially after also playing the morning matches?

ALLISEN CORPUZ: Yeah, I think there's just so many people out. Like, it's such a fun environment. Really haven't felt tired all day long. Kind of leaned on Jen for this match and told her like, Hey, like, I'm giving you everything I have, but I might need a little more help. She definitely stepped in, and I think we covered for each other really well and, yeah, played really well.

Q. Jen, you saw Stacy come up a few times. What does it mean to always lean back on the captain to give that extra motivation?

JENNIFER KUPCHO: Yeah, she's been really great. She really pumps us up, gives us the information we need so that we can hit the best shot. She always prepares us beforehand. So that's what I've said all week and she continues to do it.

Q. Allisen, saw a bunch of putts go in on your side. Just overall, what's kind of one of the most memorable putts you think really solidified this match for you guys?

ALLISEN CORPUZ: Yeah, I mean Jen made a few really good birdie putts coming in, and then obviously 18, it's always good to just cap it off with a good putt.
