## Team Europe

### Caroline Hedwall

#### Quick Quotes

**Q. Huge point for the Europeans. How did you turn that match around?**

**CAROLINE HEDWALL:** I don't know, to be honest. It was something in me. You know, I never give up, and I showed that today. I mean, I'm just so proud of myself and, wow, that was awesome.

**Q. You're trying to be in your own lane, your own zone, but how aware were you of the whole context of the Solheim Cup down the stretch here?**

**CAROLINE HEDWALL:** To be honest, Suzann talked to me this morning. She said just focus on you and that's what I've been doing all day. All I wanted to do was to get my point on the board there. And, yeah, it is tight and I hope we can get this done now.

**Q. Wow, three down through 12, and you come back to win a point for Europe. Can you talk me through those closing holes, what you said to yourself.**

**CAROLINE HEDWALL:** Well, I was just trying to stay patient. Like, I didn't make any putts on the front and it was frustrating, for sure, and the wind was turning around. But somehow I just felt like it has to turn around at some point and it truly did, which I'm very happy for.

**Q. It seemed like there was a slight shift in momentum towards the Americans. I don't know how aware you were of that, but you just stepped up and right now it is anybody's Solheim Cup.**

**CAROLINE HEDWALL:** Yeah, I mean, I wasn't aware, to be honest, because Suzann told me this morning to just focus on myself and try to get my point and that's what I kept doing. So I mean, now I realize how important that point was and I'm just really proud that I could turn my match around.

**Q. You showed exactly why you were picked to be part of this team, the experience you had. How much**

**CAROLINE HEDWALL:** Well, I mean, I know it's never over until it's over and that's the fight I put on today. I mean, I'm just really proud of myself right now.

**Q. How did you manage to be maybe another time the key?**

**CAROLINE HEDWALL:** Well, I don't know, to be honest. Somewhere I just found that power and I managed to finish this off and I'm just really proud of myself.
