**Q. Looking at the start that you got off to in Spain, what would be the key to getting off to a better start today?**

**SUZANN PETTERSEN:** They're fired up. I don't need to say anything. I say just enjoy it because it's over before you know it. So just grab the moment.

It seems like they're having fun out there.

**Q. What was the atmosphere like amongst the team this morning in preparation for the first session?**

**SUZANN PETTERSEN:** They're just ready to go. They've been ready for days.

Yesterday we tried (indiscernible) to get them ready, and they're bouncing.
