**Q. It is so tense, so nervy out here. How sweet did that moment feel?**

**CELINE BOUTIER:** Yeah, it feels amazing. I definitely feel like we had to work for it. It was a great match. She played awesome. Just happy that I came out on top. It was definitely very nerve-racking the last few holes, but very needed point, so very lucky to be able to bring one to the European team.

**Q. I know Suzann came out to watch that watch. How much did that galvanize you and also the fact you had to deliver, you had to fight, find something after being 3-down?**

**CELINE BOUTIER:** Yeah it was definitely hard to find. I feel like her presence definitely helped, and she also let me know we were still in it and we needed the point, so I feel like that really helped me get into the next gear.
