Q. Here with Celine at her victory over Lexi Thompson. Talk about sticking in this match the whole day today. Had to have been tough out there.

CELINE BOUTIER: It was tough. I feel like she played really solid, especially from the start, and then the whole crowd was behind her, so it was a bit of a challenge, but happy that I hung in there.

I feel like I played solid, just missed a few opportunities on the front, but I was able to take advantage of a few on the back and come back, so it was definitely a very tough match, but happy to have one.

Q. Suzann talked about you coming out and giving it your all today. Was there anything you kept in your mind today?

CELINE BOUTIER: I just feel like you had to just believe until the end and I feel like just fight for each other. I think that was the biggest thing, and wanting to do anything for my team and for my teammates. So definitely helped me to get through some of the up-and-downs of the match.
