Q. Lauren, you just said, wow, a moment ago. When did you become aware of how critical your match had become?

LAUREN COUGHLIN: I think once I got on the green and I saw the score, I kind of knew that it was either going to be -- if we tied, be 14, and if we won that we would clinch. Yeah, the nerves were there for sure, but I was just trying to make sure I didn't hammer the putt wanting to make it.

I didn't quite get it there, but I played great. Maja played great, as well. So it's been a great match.

Q. It's been a dream week for you as a rookie. How would you describe your first Solheim Cup experience?

LAUREN COUGHLIN: Yeah, I think it would be hard to top this one. Hopefully I'll be on another one. But it's been amazing. I had so much fun, way more fun than I thought I would, and it's been awesome.
