2024

**Q. Lauren, just talk about today and kind of sticking with it throughout the round.**

**LAUREN COUGHLIN:** Yeah, I was talking with Terry, my caddie. I fight, that's kind of what I do. I don't give up on a round ever. As long as I'm still in it, I'm going to keep playing.

So I kind of just kept pushing and eventually started hitting shots how I normally do and finally started making some putts at the end.

**Q. A bit of a different week being the team and match play. How much of your college experience did you rely on to bring back some of those feelings?**

**LAUREN COUGHLIN:** I mean, the camaraderie for sure, but it's different because even when we're on the team we're still playing individually, we're not playing in matches like this; whereas like in the alternate shot and the four-ball and everything.

But it was so much fun, and I enjoyed being a part of the team. We had a great time all week.
