Q. Sending out two rookies was an interesting move by Captain Nordqvist, but she obviously believed in you. What was the key to the victory?

NASTASIA NADAUD: We both played really well, made clutch putts when we needed. I have to say we didn't miss a lot of shots out there. So, yeah, it's been pretty solid for both of us, so really happy for that outcome.

Q. Mimi, you said this was like the Curtis Cup on steroids. Did you feel comfortable out there playing in front of this crowd on this energy? And if so, when did you feel comfortable?

MIMI RHODES: Honestly, once I got off the first tee, yeah, it was just a lot of fun out there. I just was playing golf out there with Nas and our caddies, and, honestly, the chemistry was unreal and it just felt really comfortable, especially when we had two balls on the green the whole time and just giving ourselves looks for birdie. So, yeah, we played really solid and, yeah, it was really fun out there.

Q. What was the message from Captain Nordqvist going out today in the afternoon?

NASTASIA NADAUD: Just asked us to have fun, really. We're really good friends with Mimi and the other golfers anyway, so I knew it would be a fun day whatever the outcome was. But just having, like, the most fun we could, and that's what we did. And, yeah, it was amazing.
