Q. Ladies, congratulations. How does it feel, Lauren, to put a point on the board for Team USA and in such dominant style?

LAUREN COUGHLIN: Any time you can get a point, it's a good day. So really happy that we were able to play so good and looking forward to the rest of the week.

Q. Foursomes is not an easy format, but what is it about this pairing, what is it about the way you were working together today that you really felt brought out the best in your game?

ALISON LEE: To be fair, including yesterday, I feel like we both just hit it so solid. Today specifically I feel like all I had to do was just sit back and watch the Lauren show. She hit some incredible shots into greens, made some incredible putts as well, so it was a lot of fun.

Q. The atmosphere right here is just fantastic, but really in the true spirit of the game, a word on how much you're enjoying playing here and how much you enjoyed it this morning.

LAUREN COUGHLIN: This is the best week we play every two years. It's been electric out here, it's super loud. Wouldn't mind quieting it down just a little bit, but it's been awesome.
