

Solheim Cup

Saturday, September 12, 2026

Cromvoirt, Netherlands

Bernardus

Team Europe

Anna Nordqvist

TV Interview

Q. Anna, an unbelievable atmosphere down here again on this first tee. Look around, look at the hundreds of people out there. Just a word on this atmosphere and how great it feels right now.

ANNA NORDQVIST: Yeah, I mean, it's just getting better and better. We saw this morning even around the 8, 9, 10, 11, there was a lot of people. So you can't really beat this atmosphere, and I don't think I've ever really experienced anything like this. There's quite a few rows of people right now, so it's going to be a very exciting afternoon.

Q. How pleased were you with the team's performance this morning, three points on the board and to have a two-point lead heading into this afternoon?

ANNA NORDQVIST: Yeah, I'm very proud of the girls. Yeah, you can't really ask for more. The U.S. played unbelievable in the final match, and I know Charley and Lottie played very solid, but you can't really beat that many birdies that they did and it's a very impressive performance. So really proud. It was nice to see Esther and Leona show who they are and bring that out. So the team spirit is high and I think we're all very excited about the afternoon.

Q. Were there any question marks around Charley Hull and Lottie Woad? It's a lot of golf for them to play, and they will play all five sessions, and not quite producing the goods that you want yet.

ANNA NORDQVIST: No. I don't think people understand that these are the best players in the world. I think they play the strongest pairings in each session. They played solid. I think Lottie herself made six birdies yesterday in the afternoon. So they're playing solid and I wouldn't be surprised if we get a little bit of blue on that board this afternoon.

Q. Two players rested today in Lopez and Madsen, your thoughts on that?

BERNARDUS
NETHERLANDS

2026

ANNA NORDQVIST: Yeah, I mean, Nanna played all day yesterday, there's quite a few players just playing two matches. It's a long week, and we are going to need everything we got tomorrow, especially with a little bit of rain.
