### Quick Quotes

**Q. Ayaka, really good playing today. Six birdies on the card. Finished at 3-under. How did you find the Crossing course today?**

AYAKA FURUE: Yeah, I had a lot of birdie chance, which was something I was looking for, so I'm really happy with the round today.

**Q. I was talking to Kenny yesterday about the similarities between this golf course and the style of golf in Japanese golf. Do you feel more at home playing a golf course that feels like Japan?**

AYAKA FURUE: To be honest, I didn't really think there was similarity, but lots of trees on the side, that was kind of similar to Japan, so...

**Q. How did you prepare for this week and next two weeks for a really grueling Q-Series?**

AYAKA FURUE: To be honest, nothing specific, but I knew that I would need momentum to play good this week.

So just, you know, I was really focused every game, and keep that momentum to these two weeks.

**Q. Bermuda grass is tricky. You have to understand a lot of different things with this type of grass. Were you very familiar with bermuda grass before you got to Alabama?**

AYAKA FURUE: Yeah, so to be honest, not really familiar with this grass, type of grass, so I'm not sure if I'm actually adjusting, but I have a pretty good feeling with the grass.

**Q. Off to a really good start at 3-under. You're going to be chasing a little bit the rest of the week, but how good does it feel to get off to such a good start?**

AYAKA FURUE: Yeah, it's just still the first day, but I feel like I was able to start off really good.

**Q. And preparation, or I guess what positives are you**

**going to take from today with you into tomorrow?**

AYAKA FURUE: Yeah, especially the shot, I was striking the ball really well, so I would want to keep that for tomorrow, too.
