Quick Quotes

Q. We're just watching the highlights of what Nelly just pulled off, Lauren saying, "Nelly doing Nelly things" and Lauren doing some pretty amazing Lauren things today as well, mounting a Sunday charge. A 68 from you for not only your best finish on the LPGA Tour but best finish in a major. What did you learn about yourself and your game this week?

LAUREN COUGHLIN: Yeah, I think I learned to just stay patient and take what the golf course gives you. I learned that I could just hang in there and be with the best in the world. It's pretty cool.

Q. You had your husband John on the bag along for this experience. He told me earlier this week he's been telling you what you do is enough, that you are good enough. What is it like to share this experience with him this week?

LAUREN COUGHLIN: Yeah, he kept me calm and cool. A lot of it's just I enjoyed being out there with him, and you don't get to do things like that a lot, so just to be able to get to do it with him is pretty awesome.
