Q. I am here with Linn Grant. Great playing today. Started you were about 1-under through 11 and then you made four birdies in a row. Is there anything that reminds you of Highland Meadows here where you won in Toledo earlier? Does it look familiar? Is there anything that stands out?

LINN GRANT: There is a lot of the trees. I think that's what they have in common. But, no, not really. I did not expect to shoot minus-5 today. I didn't feel very confident with my swing going out, but I managed to kind of find something and, you know, golf is golf; you got to just kind of go with what you have.

That was what I did today. Holed some really good putted and got in like a really good momentum there on the back nine as well.

Q. So now I'm going to ask you about Solheim Cup. I had to make you stand closer to me, you know. I told her we got a few more weeks. So your team was just finalized the beginning of the week. This is your first Solheim Cup on European soil. What are you most excited about?

LINN GRANT: To be a part of a team I think, and especially playing in Europe as my first one. I think it's a special team. I think, with you here, I think we have a great chance of winning. I mean, it's going to be fun. I'm really looking forward to it regardless what team we're on. It's going to be a great week.
