## Brooke Henderson

**Q. Here with Brooke Henderson. Brooke, that was fantastic to watch, bringing it into the clubhouse. Got to start with the best part, that hole-out from the bunker at 17. Talk us through it.**

BROOKE HENDERSON: Yeah, I mean, I was really happy with where that drive ended up. When I got up to it I was thinking, oh, I can make this. I just tried to put a good swing on it. Landed exactly where I wanted it to and it fell in.

So definitely a dream way to finish and nice to have a clubhouse lead now going into the final round. We see seeing what everybody does coming in, but it was just a fun day and I'm look forward to tomorrow.

**Q. Take you back to the opening day. Struggles early on. How big of a change from then to now, and how did you make it happen?**

BROOKE HENDERSON: Yeah, for sure. I feel like the first day I grinded it out really well. I was really proud of Brit and I, how we fought back after that start. Yesterday was a lot fun getting to minus-5 and then today it was even more fun getting to minus-6.

It's just so exciting to be playing here this week. The crowds been phenomenal. Just so happy to be playing at home and hopefully just one more good day.

**Q. You've won this championship before. You said coming into this week that you went back and watched old videos of yourself maybe playing in this championship, maybe not winning, but as a youngster playing. What did you learn and how has that made a difference this week?**

BROOKE HENDERSON: Yeah, I learned a lot actually. I really quite enjoyed watching old footage and even interviews of me talking in this championship. It's always been a really special week, and I feel like I've learned so much every single year playing in it. I was just trying to lean back on some times when I've had a lot of success

here, what I did and the mentality I had going into it.

Yeah, feel like it's helped out this week so far and it's exciting to be in this position.
