### Quick Quotes

**Q. Ronni and Ruixin, great round towed, great match. The Aussies made it tight at the end, but overall what were your feelings there on 18 as you putted to win the match?**

RUIXIN LIU: Well, I was pretty pumped, but that was a hard hole location and I didn't want to just run it by for too long. But we did great today. We stayed patient and stayed focused.

But the Aussies, they putted so well. It's unbelievable how they putted today on the greens. It was awesome to win.

**Q. Ronni, your thoughts on the day?**

RUONING YIN: Well, I think we played really, really solid. But Hannah and Grace, they just made everything. Every time I watched Hannah putt I felt like she's going to make it.

I think overall we both played very solid, and I'm happy about the results.

**Q. You were 3-up after 10 and they started to come back; obviously made a long putt on 12. What do you do to stay in yourself and stay in y'all's game and not let what they're doing affect you guys?**

RUIXIN LIU: I mean, our swing is pretty good, so we just tell ourselves we've got to get it close because putting-wise we're not as good as they are today, so we just tried to knock it close and have a chance. That's what we tried to do, stay patient out there.

RUONING YIN: I'm pretty similar, but I think -- like Hannah, she made a long, long putt; there's nothing I can do. I just play my golf, and if they make birdies, they make birdies. I just tried to hit it close, and I'm just trying to make birdie, as well.

**Q. How motivating is it to put the first full point on the board for China today?**

RUONING YIN: Pretty well. Well, I think yesterday we had a little -- like a mini-meeting after the round and I think we need to make some changes. Everybody is very positive. We have nothing to lose.

RUIXIN LIU: That was the same thing. I was like, let's go, guys; we still have a chance. I was saying, we have nothing to lose so we've just got to get out and play positive and more aggressive.

**Q. What's the mindset going into tomorrow?**

RUONING YIN: I think if we can win once, we can win twice.

RUIXIN LIU: Exactly.
