Quick Quotes

Q. An unbelievable match against obviously the home favorites. Talk about the day.

BROOKE HENDERSON: It was a really tough battle. Lots of birdies out there. It was like pretty tense right from the start, so we're really happy I think to come away with the tie, especially when we were down last couple holes.

So really happy with the birdie on 18 and I feel like this partnership was really fun. It's been great two days.

Q. Very successful partnership, yeah. The sort of tension out there with the fans obviously rooting against you, did you keep each other positive or how did it go?

WEI-LING HSU: No, I think it's really tough today, especially playing Korea. I mean, Brooke pretty much done the whole thing, so I feel I'm just here support and...

BROOKE HENDERSON: Not true. (Laughter.)

WEI-LING HSU: Yeah.

BROOKE HENDERSON: But, yeah, I feel like we just tried to keep each other up all day, especially like when they got the crowd kind of on their side. We just tried to stay within ourselves, just keep going.

WEI-LING HSU: Yeah.

Q. Seemed like a really high level match there. Playing super fun to have such a tight competition coming up 18.

BROOKE HENDERSON: For sure. Yeah, they're obviously two incredible players. We knew it was going to be a tough match, and then on top of that being in Korea.

Yeah, it was just a tough day. Like I said we're just really happy to come a which with the tie especially how it looked when on we tee'd off on 18.

WEI-LING HSU: I was just telling Brooke on 18 when she holed that putt uphill like, oh, my God, this is incredible. All my hair stand up and I feel like, whoa, what a match we had today.

Q. When you get to that moment where it all comes down to one final putt, how do you keep yourself calm in that moment?

BROOKE HENDERSON: Yeah, well, I was actually thinking about the putts that I missed today that I wish I had made. I was like, okay, well, you can redeem yourself like right here. That was a really tricky putt too because that green is so severe. It was a nice read by Brit and happy to see it go in.

Q. What was the length?

BROOKE HENDERSON: Just around seven feet.
