Q. Nice to get a quick word with Sei Young Kim at the end of the day. Great round today. What was the key for out there?

SEI YOUNG KIM: Just trying to keep the calm, and especially this green, it's not easy because the kind of bumpy. When you have like a short putt still kind of nervous.

So I'm very focused especially on the green, focused on my start line. Right after Chevron I came to here and then more practice for that.

Yeah, so kind of it worked today.

Q. Your game seems to be trending in the right direction. What have you done to change that?

SEI YOUNG KIM: Not really. I just keep the practice hard and then I kept the checking my carry distance, so that gave my kind of confidence when I hit a second shot.

So, yeah, I think that's the reason why I play better today.
