

JM Eagle LA Championship

Sunday, April 28, 2024

Los Angeles, California, USA

Hannah Green

TV

Q. Hannah, seem to be making a habit of standing here with you winning at Wilshire. You kind of own this golf course. What is it about Wilshire and you that seem to have this wonderful relationship?

HANNAH GREEN: I don't know. It's really kind to me. I felt like a couple times today almost got like a member bounce. I obviously really am fond of the golf club and joked that they didn't approve it with me that they were making alterations.

I love it here. Such a great atmosphere. Really good crowds this year. Kind of sad we're not returning next year, but looking forward to 2026.

Q. Talk about the crowds. What a wonderful reaction there at the end singing Aussie, Aussie, Aussie. What does that make you feel like with that kind of atmosphere?

HANNAH GREEN: Yeah, definitely. It's one of the biggest crowds that we have, especially with 18. It's just a great arena. I would've liked the putt on the last to go in. I wish Gracie's went in. Yeah, it's been an amazing week and thank you to all the members for making me feel so welcome.

Q. Was there any point in today's round that made you think, I might have this again?

HANNAH GREEN: I think when I chipped in on 12 I kind of felt like I really snagged one there. I really like the 14th hole I guess this week and also played -- sorry, the 13th hole -- and also played the 15th really well.

When I made eagle on 15 that kind of sealed the deal. I did see Maja got it to 9-under so I know what I needed to do. Usually I make it really tricky on myself and only win by a shot.

Really grateful I've now been able to step off and win by a few.

Q. That makes it a lot easier. Looking ahead we've got the Olympic Games. This that kind of solidifies your

spot there for Australia. Is that a goal you had in your mind at the start of the year?

HANNAH GREEN: Yeah, a little bit. I didn't have a great season last year. Even though I did win here in LA I had my most inconsistent year. To obviously already win in Singapore and here this week, I hope that I can get closer to my goal of being Top 10 in the world and solidify my spot in the Olympics.
