## Hannah Green

### TV Quick Quotes

**Q. Hannah, what a turnaround on the back nine. What did you say to yourself or what do you do to really start to fire on all cylinders there?**

HANNAH GREEN: Yeah, felt like I was doing what I kind of said I wanted to do yesterday: Hit more greens. Felt like it was quite difficult to get it close to the green. I felt like I was giving myself good opportunities but I had so many downhill putts and you just can't really be aggressive with them.

I honestly didn't think I was in the tournament still. I was just like, oh, well just go for as many pins as possible and got on a nice stretch there. I kind of thought the putt that I missed on 16 was the crucial moment.

So, I mean, I'm just fortunate enough that I at least got into the playoff. I had that putt obviously very similar line in regulation, so I felt somewhat comfortable. It still was a tough putt, so really glad it went in the hole.

**Q. I think everybody wants to know when you're standing over a putt like that are you nervous? You look so cool.**

HANNAH GREEN: No, I'm definitely nervous. I felt like that wedge probably flew a little bit further because of the nerves from within. No, I don't think I would be doing this or be in contention if I wasn't nervous. Those are the feelings that you want when you're out here. That's what makes you want to just do it over and over again.

Yeah, just very happy to be on the other end of it.

**Q. Three-peat here in LA; well done, you.**

HANNAH GREEN: Thank you.
