Quick Quotes

Q. Here with Mi Hyang after the first round of the Blue Bay LPGA. 5-under 67. Talk a little bit about your day today.

MI HYANG LEE: I'm so it was really windy day for the afternoon group. Winds starting blowing before we started No. 10, and so it was a little pressure. No. 10 was super long. Second shot was 3-wood. I made bogey start, but still just trying to be patient today.

Then pin location wasn't that easy for me the back nine when I started, so stayed patient and just start to drop the putt from the par-5 No. 14. Then just made straight to the birdie four holes in a row, so that make me the good momentum and make me more be confidence as well.

Q. It wasn't as windy during the practice rounds but got very windy today. How much did it change the way you approach certain holes?

MI HYANG LEE: So I didn't play Monday and Tuesday. I just play Wednesday for the pro-am, but it was in the afternoon as well. It was same direction, northeast I think, but I think 10 to 15 yards more I feel it.

So I just one and one and a half club more.

Q. How is the game feeling overall heading into this week after playing in Asia for the past couple weeks?

MI HYANG LEE: Yeah, I mean, first thing is like weather is pretty good, a little more cooler. So like always happy to be back here.

And then I feel the course is pretty tough to me so just be patient and just keep enjoying this golf course.

And then I think key point is just more aggressive for the shot. More have to be -- I have to be -- choose which side is better to the miss for the chipping -- I mean, the shot is more makable from the chipping as well.

I think so just over the first round, so three more rounds
