CHAMPIONSHIP

Q. All right are here with Jennifer Kupcho after her final round to the FM Championship. Solid round to wrap things up; another top 10 finish this year. Just talk about how you played all week.

JENNIFER KUPCHO: Yeah, a little bit of a rough start on Thursday. Body wasn't feeling 100% so really honestly glad to have played all four days.

But, yeah, amazing weekend this weekend. I feel like I really broke through with figuring out my putter and saw a lot of putts fall this week compared to normal, so just felt really good.

Q. And we talked about 18 earlier in the week. You eagled it today. Talk about how you played it. Maybe some redemption on that hole a little bit, too?

JENNIFER KUPCHO: Yeah, I was able to go for it again today. Really wasn't trying to go for the pin, but I pulled it perfectly. I think I lipped out, which was kind of crazy. Yeah, I was able to go for it and had like a five-, six-footer for eagle.

Q. What kind of momentum does this give you for Solheim Cup? How nice is it to see this last round especially?

JENNIFER KUPCHO: I think the biggest thing -- like scores aside, the biggest thing is seeing some putts fall, seeing some progress there.

Obviously that's the most important part. I feel like clutch putts at Solheim especially during match play, it will help having that momentum.
