JIN HEE IM: Definitely no, but when I got the first two birdie I just kidding my caddie, I try just 18 more birdies, and I just made straight three birdies after that.

**Q. You birdied No. 18 to take you to 10-under. How did that feel to finish your round so strong?**

JIN HEE IM: Before I got two more birdie chance before, but I already miss it. Just feel more like try more confidence at the last putt, and that works.

JIN HEE IM: No. (Laughter.) Nothing different.

**Q. You drove the ball like 25 yards farther than you were all week according to your stats, and you only had 23 putts today. Did you do anything differently than you had the previous three rounds?**

JIN HEE IM: No, I think that distance is just my normal before that (indiscernible) already miss shot, so can reach the fairway, just go like in the bunker, right rough.

So just hit the fairway today.

And, yeah, I can't make many birdie putt yesterday, but I try -- me and caddie trying to like (indiscernible) putt after finishing yesterday, and then I think that works.
