## Haeran Ryu

### Quick Quotes

**Q. Okay, here with Haeran after her second round of the blind pass championship. Still the leader after today's round. What does that feel like to continue your lead?**

HAERAN RYU: Yeah, yesterday was perfect, yeah, because I hit 9-under par yesterday. But today was start little tough than yesterday, but I just keeping wait for the first birdie.

So I make some -- yeah, that chip is so hard but I did it and I make some eagle again.

So, yeah, I just keep waiting. That's good for today.

**Q. And you started on 1 and had a bogey on the third hole there.**

HAERAN RYU: Uh-huh.

**Q. What were you thinking about with that?**

HAERAN RYU: Yeah, on the -- I think that hole's pin position was so hard for make some birdies, so I just want to make some par there.

But my tee shot is going to left and that lie is so incredible, so I don't make some two putts finish, but that's the first bogey for this week. I just want to more comfortable for my shot, yeah.

But that bogey is not makes me mad, so that's good for the finish today.

**Q. And can you talk a little bit about the eagle as well? What was kind of your thought process on that hole? Did you hit your driver there?**

HAERAN RYU: Yeah, I hit driver and yesterday I make some par there because my driver going to right and then inside the bunker. So I just laying up and just pretty good

CHAMPIONSHIP

birdie chance, but I miss it.

But today afternoon playing was the distance so far, and I just want to hit it straight at the fairway and then I think I make some on the green on my second shot.

So yeah, I did it, so that second shot distance was 210 meters, then little help wind there. My hybrid is a little shorter than that distance but it's little helping and maybe in desert make some more distance, so I just trust that and make some incredible shot on there.

Yeah, make some eagle there. That's good for that.

**Q. Yeah, and when we're watching on TV the slopes of the greens seem really drastic and crazy. How are you managing some of that?**

HAERAN RYU: Yeah, always in the morning I check on my yardage book for the pin positions, so I just remind for today.

Always I'm thinking for where is the good position for the birdie chance. So that's a good to make some good score for every days.

**Q. And do you have any thoughts on heading into the weekend as the leader?**

HAERAN RYU: Yeah, I think this weekend a little bit more windy than first and second round, so I just want to keep keeping on the fairway and keeping on the green, and I just make some more birdies, more easy golf on the weekend.
